The night before my wedding my best friend gave me the most precious gift anyone could get.

TI am a 32-year-old woman who has been married for years to a wonderful guy that I love and who loves me. I am considered to be rather attractive, with long light-brown hair, a cute face and a slender, curvy body.

The night before I was to be married, some of the girls from the high school we had attended gave me a wedding shower. When we got back home that evening and all the gifts had been carried into the house, I went upstairs for a shower. Josie followed me upstairs and sat outside of the bathroom while we chatted. Then we went to my room, where I got into my nightie and Josie brushed my long hair until it gleamed. We sat on the edge of my bed and talked some more. After my parents went to bed we talked in whispers.

Josie nodded, her eyes dancing impishly. "Yep. You're going to get fucked all out of shape, aren't you?" she giggled softly.

"Well, you will, you know," she grinned. "And it won't be the first time he's fucked you either. I've seen that flushed, breathless look about you several times when we met up after a date with him. No sense denying it either."

She smiled again and turned out the lamp on the bedside table, plunging the room into almost total

darkness except for a ray of light reflected from a street lamp outside. I thought she was going to leave for home, but she remained sitting on the edge of my bed.

"You've never broken a promise to me as long as we know each other, Patty," she reminded me. "Here is my gift to you."

Suddenly I felt her soft, warm lips pressed against mine. A kiss! How sweet of her. Her gift to me was a kiss. This was what she had wanted to give to me. How utterly sweet of her. But she kept her mouth on mine, crushing me in a warm, gentle way; her head was moving, her lips were carefully grinding into mine.

I found myself pressing the back of my head into my pillow in an effort to escape that insane kiss but she came down with me, keeping her mouth fused to mine. My eyes stared up at her through the nearly total darkness, all kinds of wild things happening inside me. We had kissed each other before, but never anything like this.

"Well ... that was a very nice gift, Josie," I whispered. "Thank—"

"Oh, that wasn't the gift, Patty," she interrupted, her lips brushing mine as she spoke. "That was only the beginning. My gift to you will take much longer than that..."

I started to speak but her mouth came down again, crushing into mine in that same maddening way as before. Her warm, wet tongue came sliding into my mouth, wriggling and writhing in a slippery, naughty way that filled my mouth with... desire. More thrills streaked through me and I was crushing my head into my pillow again, my eyes bulging open, my hands pushing weakly at her again.

Never, not to this day, have I been kissed with such deep intensity. Since getting married my husband has kissed me in a savage manner numerous times, and I like it, but never have I felt a kiss to the very core of my being the way I felt my best friend's kiss that night. Before too long my nipples erected themselves and began to sort of tingle and my helpless pussy was starting to feel hot and squishy, wet and swollen. I was responding to her kiss whether I wanted to or not! "Sit up for a moment," she whispered.

Without thinking about it I sat up and she lifted my nightie over my head, leaving me totally nude. My heart was hammering as she gently pushed me back down and hovered over me in the darkness.

"What are you trying to do—are you crazy?" I gulped, finally realizing

She began to kiss her way back up my body...

and understanding what she had in mind.

"Hush, girlfriend..."

"Hush? Do you realize what... what are you trying to do, Josie? Is this what you've had in mind for me all this time? You're not a lesbian—are you?!"

"No," she whispered, "but you're special, Patty; so very special to me, and I so want to give you this gift."

"Well, I'm not... I don't..." I attempted to express my feelings but couldn't.

"You promised," she said simply.

"But, I didn't know... I had no idea that Josie, this is insane!"

We're best friends! We're both females! This is crazy!"

Her fingers began to race lightly over my shoulders, up and down my arms, across my chest. Squeezing and pushing at the soft globes of my breasts, she tugged and twisted carefully at my stiff little nipples. Her lips began to rain little wet kisses

little hood to look out, glowing and throbbing.

At some point I surrendered to her, I remember. I can recall a soft little sob jerking itself from my throat and my arms creeping around her neck, but I have no idea when that happened. I felt her hand slip down to my pussy and my thighs parted in a warm welcome to her. Then I felt her hand sink into the hairy, wet warmth there and begin to fondle and pet and rub gently.

"Your pussy is telling on you, Patty. It's all wet," Josie breathed. Her lips began to move down my body then, kissing and sucking, her tongue licking and making tiny wet circles on my skin.

"Don't, Josie. Please don't," I breathed in one final—and very weak—attempt. Then I felt her licking my titties, her moist lips sucking carefully on my rigid nipples. My eyes closed again, my hands clasping my dear friend's head. "Oh, my

her head, but I was not encouraging her and I was no longer trying to stop her; I was just holding her head for some reason.

She passed by my cunt and her mouth hurried down my right thigh. At last her head slipped out of my grasp and crossed my knee. She lifted my foot and began to kiss it all over—licking it, nibbling at each one and thrusting her wet tongue between all of them.

She carefully laid it back down and lifted the other foot, doing the same thing while I gasped softly over and over, jerking my foot between us. It tickled so. She laid the foot between and I felt her crawling between my legs, her feet extended away from me: She began to kiss her way back up my body, alternating back and forth from my left leg to my right, higher and higher. She paused at my knees and licked both of them all over.

That damned licking of hers was driving me crazy! She seemed to have magic in that little wet tongue, and she seemed to sense the effect it was having on me too. I could feel the honey oozing from my vagina and seeping into the crack of my ass, and my cunt felt as though it was nearly twice as big as normal. I could actually feel its tender lips quivering; it was the first time in my life I have ever honestly felt that.

My friend was suddenly very close to my pussy, very

all over my flushed face—over my cheeks, my eyes, my forehead, my chin, and back to my mouth again.

Her fingertips crawled lightly across my belly, touching my naked hips and thighs, wandering closer and closer to my pussy. Goose pimples rose up on my arms and legs at her caresses. I felt my clit erect itself too, its tiny head peeking from its

God, Josie! My God, Josie!"

Her mouth moved farther down, her hair dragging across my sensitive skin; crossing my tummy, pausing briefly at my navel to circle it again and again, flicking into it, then traveling on down. I was holding my breath as she kissed and licked her way right to the topmost edge of my cunt. My hands were still clasping

close. I could feel her hair brushing my skin again, her warm breath puffing against it rapidly, lightly. Her hands clasped my naked hips then and I stiffened as her tongue flicked at my cunt in a teasing way. It flicked again, then again. I lifted my knees at last, placing the soles of my feet on the bed and letting my legs fall as far apart as they would. I was show-

ing my friend that I was totally defeated, offering myself to her to do with as she wanted.

God, it was so beautiful to be so utterly defeated like that by her; to surrender to her in total and absolute defeat at last; to open myself to her; to offer her my all, to admit to her that I had become simple putty in her hands at last.

She began to lick me again, her tongue moving all over my crotch, its little tip wandering here and there; still wriggling, moving over the swollen, quivering lips, fluttering at the crack itself; wandering up and down each area where my legs join my hips, tickling my lower butt and the deep cleft between them. Her tongue forced itself into that cleft and dug into my wet puckered little asshole briefly, causing me to catch my breath momentarily as more giant goose pimples crawled over my arms and legs.

For some in sane reason I lifted my knees high and instantly her lips were surrounding my asshole. She sucked warmly, her tongue-tip sliding a fraction of an inch into my asshole. More chills crawled over me and my hips squirmed.

Then she was licking my cunt, her flat tongue lapping the lips and crack almost like a little girl licking an ice cream cone. She was lapping my sensitive loins again too, knowing how good it felt

to me but most of the time she was staying at my soaked pussy. My feet had fallen back down, but my ass was still writhing in her face, twisting and squirming as the feeling got to me more and more.

Suddenly her lips sealed themselves directly around my vaginal opening and she began to sort of fuck me with her tongue, sliding it

in and out in a most delightful manner. My hands went down again and clutched at her darling head, holding her in place, my ass humping up and down in an animal motion as I fucked her tongue.

It finally penetrated my fogged brain that I was getting my pussy eaten. For the first time in my life I was actually getting my little pussy eaten—by my best friend, no less! I had once heard the girls at school whisper and giggle about this sex act, and a few of them who had had it performed on them had described it, but I had not believed that it felt this good. Never in my wildest fantasies had anything felt like this!

Yet somehow this was more than just sex to me, more than just lust. This was something pretty to me, something wondrous, something which was filled with a beautiful love and devotion. Somehow it was not wrong. This was Josie, my best friend. She loved me and I loved

tive little organ. My breath hissed out of my lungs, my head went back and my eyes shut tightly. My hips and thighs suddenly shuddered violently. "Josie..." I gasped softly. "That's going to make me peel!"

But she ignored my words and continued to suck my cunt, her hands still clutching my naked hips, her head moving about with my squirming ass. Oh, God, please don't let me piss in her face, I thought desperately. Sometimes when I masturbated back in the day I would become so excited and carried away that I would lose momentary control of my bladder and would dribble a little bit (I still do, but not as much).

She kept at it with my clit now, I realized, and it was definitely going to make things happen for me in a very short while. All her kissing and licking and teasing earlier had taken its toll on my ragged nerves and I simply could not stand what she was doing to my clit, it was so good! She

her, and it was beautiful because of that. This was not just pussy-eating; this was my girlfriend displaying her feelings for me in the sweetest and warmest way she knew how. And it was perfect because of that.

I felt her lips slip upward and seal themselves over my clit. They began to suck very gently and the tip of her tongue started to massage my sensi-

accelerated the movements of her tongue-tip so it was fluttering to and fro across my button like a wing of a hummingbird, her lips still sucking in that crazy way. She had somehow spread my vulva apart and had put her lips between them, allowing them to clasp the sides of her mouth.

Or maybe I had spread my vulva for her; I had no idea. My breath was

Just before daylight she kissed me one final time and crept from my room...

coming in pants and gasps by then, my temples were throbbing, and my face felt hot and sweaty. I could feel an orgasm gathering in my body, my insides tightening, threatening, promising. I could dimly feel the soft flesh of my inner thighs jerking and twitching as my orgasm approached, my asshole tightening with a strength I had not known it possessed. Then, it was upon me.

"Josie..." I choked softly with my last ounce of strength.

The next moment my entire being exploded in a flashing burst of wondrous rapture! My hands clawed at her head. My hips surging and heaving up and down, crushing her wicked mouth to my cunt in an almost cruel pressure. Somehow I realized that I could bruise her lips this way but I was unable to stop.

My belly was undulating in and out my womb and vagina pulsating with wild, throbbing sensations; my toes curled downward painfully, the muscles in my thighs stretching and

But at long last it faded away and was gone. Slowly I relaxed, my hands falling away from her head, my body bathed with sweat, my chest rising and falling rapidly as I gulped in air. It felt as though I was floating on a little pink cloud high in the heavens—no worries, no regrets or remorse, nothing but a warm feeling of wellbeing.

Josie had had stopped tickling my clit and was again slowly licking my pussy, licking and lapping the crack and quivering lips, lapping away the flowing nectar as it seeped from my body.

It was almost as though she was trying to apologize to my pussy for having put it through such torture. How awesome it was to be licked so lovingly immediately after an orgasm, when I was floating gently back down to earth on my little pink cloud. I reached down and took her dear face in my hands again and pressed her mouth to my drooling cunt again. I was not trying to make

"Congratulations!" she whispered into my ear. "That was a good one, wasn't it?"

"The best, Josie," I whispered back, still unable to get my mouth to function properly. She knew what I meant.

Josie remained with me for the rest of the night and not a single square inch of my nude body escaped her kisses and licks. At some time in the early hours of the morning she caused me to have another one of those outrageous orgasms with her magic little tongue. Yes, I dribbled on her chin to my embarrassment and her amusement.

Just before daylight she kissed me one final time and crept from my room, leaving me a lump of useless, trembling flesh.

At 10:30 that morning I walked down the aisle on my daddy's arm and was given to my husband to be. I was flushed and starry eyed, and everyone who saw me that morning believed that it was because

I was and a new bride. I caught Josie's eye once, and she grinned and winked at me, knowing the reason I looked so radiant. I smiled back and dropped my gaze, feeling my face and throat getting a bit warmer.

Only two of us in the church that morning knew that my little pussy was still quivering daintily, and that even as I was saying "I do" I could still feel a happy little mouth busily eating my pussy just as starkly as though there was

a dear little head under my wedding gown.

This is the first time I ever shared this story, and I will probably never have the courage to do so again. But my best friend showed me the true meaning of love one night all those years ago. It never happened again and it probably won't, but I will never forget that night.

bulging, quivering and jumping; my mouth opened in a shriek of the most beautiful agony.

Never, not to this day, have I known such an orgasm; I even felt that orgasm in my breasts. And I have never felt that before or since. And through it all that wicked little tongue was fluttering, vibrating, forcing my climax to go on and on.

her eat it again, and she understood that. I just wanted, somehow, to make her part of me, to somehow take her into my body and keep her with me forever. She understood this too and continued to lick and lap for a long time while my shatteredness settled.

Finally she crawled up to me and gathered me into her embrace.

RAYVENESS

I've always been a tough one to pin down, except in the bedroom that is. I quickly lose interest in men. Note that I said men, not sex. I love sex with men, it's just some men I don't have much patience for. I like women, too, but there's just something about a real flesh and blood cock in me that I find exciting.

I don't know why Nikki came over and pretended she wanted some tutoring in geometry, but she already knows it all. When I pressed her for a better answer, she told me that she wanted me. What? Wanted me for what? I asked her. Then her boyfriend who was waiting for her, pulls out his camera and starts filming us.

SCARLET RED

I've always been attracted to big cocks. Many times when the guy would pull his pants down and his cock out, my pussy would get wet. My mouth would salivate and my nipples would tingle. That's when I knew I needed cock. It's not just for my pussy, but for my ego, too. I'm ready, so Ryan, bring on that big one!

LETTERS FROM OUR READERS

Letters that should or shouldn't have been written, but you sent them to us anyway!

DAILY DICKING

Is Sex Every Day Good for You?

Seattle dockworker Joe K. is a horny young dude who boasts that he has sex "20 times a week." He claims to approach sex with the same gusto he does pretty much everything else in life.

Joe has a huge sex drive which he attributes to the fact that he doesn't believe in worrying. He gets plenty of exercise, and the type of work he does keeps him in tiptop shape. Yet recently Joe went to see his doctor at the urging of his wife, and for once he was really worried. The reason: his wife had convinced him that his tremendous sex drive now would cut short his sexual longevity; that he'd run out of energy.

It's not true that a guy can "run out" of sexual energy. Joe's doctor may have told him that, after he got over the shock of Joe's admission that he had sex with his wife as often as 20 times a week, even when she had her period. The doctor examined Joe and found him to be in excellent condition. He explained to him that he was simply a healthy, lusty, uninhibited 26-year-old man at the peak of his sexual prowess. Of course, Joe's "average" may seem way out of the range of the average guy. But it wasn't doing any harm.

The question of how much sex is too much can sometimes worry a lot of young and virile men who are anxious about preserving their potency and sexual health indefinitely. Obviously, no man wants his capacity to enjoy sex to slip from his grasp too early in life, because of what he fears might be overindulgence. No future husband relishes the prospect of becoming a sexual has-been because of his lust in youth and early

manhood.

Why, then, don't more men just ask a doctor how much sex is too much?

Ironically, the real reason is that guys can talk all day and night about sex, women, making out and their performances in and out of bed, yet they are not always able to discuss their own intimate sexual problems with complete honesty. When a dude talks about his sex life, his masculine pride and fears of sexual inadequacy can sometimes put up a painful mental block. Fears about sexual vitality seem to be much stronger in young guys than their female counterparts.

Experimentation doesn't help the guy who is worried about frequency and its alleged consequences, either. The moment he does experiment and starts approaching what he imagines must be a maximum, he begins to worry and his enjoyment of sex can be seriously impaired by his fear of possible consequences, which in turn can produce a feeling of deep depression about his sex life. According to a former teaching psychologist at the University of Pennsylvania, at such times of deep gloom a man is "more likely to take to drugs or drink than make the effort of dating a sexually stimulating female. It is a vicious cycle."

If a man wants to find out how much sex is too much, he must first realize that no general rule applies to every guy. Every individual is different insofar as his capacity for sex is concerned. In this respect, our

forefathers goofed when they fostered the notion that "all men are created equal." Men's sex drives and performances vary widely.

In one case, Bill S. was a typical example of those young guys whose sex problems worry them too much. Bill was in good physical shape but mentally fogged because he was married to a girl several years younger than himself.

"It's driving me crazy," he told his therapist, "worrying about fucking so frequently. My wife is younger than I am and is hot as hell. I find I want to bang her morning, noon and night but I feel I just have to keep myself in check. I take cold showers, make excuses to leave the house for a while, walk off the feeling or even jerk off. Using this technique—and it sure ain't easy—I've managed to cut down to four or five times a week."

"Why?" asked the therapist.

Bill looked at him in surprise. "Why? Jesus, I don't want to use myself up, burn myself out now and run stale while she's still young. I figure I've got maybe 15 or 18 good years left if I take things easy."

According to therapist, Bill was letting himself in for real trouble. In his own mind he was taking a sensible, thoughtful approach to the problems of what he actually considered to be a kind of a May to December relationship. He wanted the assurance that by achieving partial abstinence he would prolong his ability to perform in the future. What he was actually revealing was an obsessive fear of waning manhood. When such a fear comes into the picture, anything can happen.

The necessity to abstain from sex with his wife was unfounded. His notion that he was harboring a fear against future use was totally unfounded. Whether a man fucks once a week or ten times a week, he is going to reach the end of his sexual capacity on the same date. Each man has his own sex span, just as he has his own life span.

In his book entitled *Sexual Behavior and the American Male*, Dr. Alfred Kinsey reported statistics from a study of the sex habits of more than 15,000 men. He found that the fear of impotence was a greater problem than impotence itself: only 0.1 percent of men around the age of 25 were impotent; 61.2 percent of those aged 55 and 27 percent of the men aged 70 had become impotent.

By definition, impotence means the inability to get a hard-on and reach orgasm through sexual intercourse. This suggests 93.5 percent of the 55-year-old men in Kinsey's study were capable of having as much sex as they did at age 20, and that the majority of them would continue to be potent well past 70.

The fear of impotence, Kinsey found, produced a lot of casualties. This is the point the UPenn profes-

sor was making when he said that Bill was heading for trouble. He was thinking too much about the difference between his wife and himself and fearing the day of reckoning, which might not actually occur until he was 100 years old (if he lived that long). Dwelling on it as he did, he became emotionally upset and suffered from chronic fatigue. This produced a sexual maladjustment that could be confused with impotence.

It took quite a lot of convincing on the professor's part to persuade Bill that he could indulge in sex to his heart's content—assuming his wife was into it. He was in fine physical shape, and since good health is essential to a vigorous sex life, the professor had no qualms about his advice. A man in top shape can bounce back from each sexual experience astonishingly fast, and for him there is no danger in what would seem to be "extremes" of sexual activity.

Kinsey stressed that what might seem to be sexual excess to one man seems much less than normal activity to another. "It is a common pattern," he wrote, "for many persons to engage in intercourse every night or practically every night; and there are many married persons who have intercourse quite regularly, both in the evening when retiring and in the morning upon awakening. Where the occupation allows the male spouse to return home at noon, contacts may also occur at that hour of the day and consequently, there is a regular outlet of 14 to 21 times per week..."

Dr. Kinsey mentioned that among his interviewees was a 39-year-old man who had averaged more than three ejaculations a day since he

was 13 and who, at 39, was still capable of six to eight ejaculations a day. Kinsey's studies also disclose the case of a practicing lawyer who had engaged in sex 30 times a week for 30 years and was not troubled by any of the problems.

This is not as unusual as it seems when we consider other cases of male sexual energy. Throughout history, many men possessed an insatiable sex drive which today would undoubtedly send them to seek counseling. Nero, Tiberius and Caligula—all Roman emperors—were capable of deflowering a hundred nubile young nymphs in a few days, or so the story goes. The mythological hero Hercules took on the task of fertilizing 50 maidens in one night.

Today such obvious exaggerations are scoffed at, yet the fact remains that a strong sex drive is still part and parcel of the average male. It is a perfectly healthy urge, and any woman who respects her man and considers herself a modern woman ought to be doing anything to satisfy it.

What has she got to lose? And why should he hold back?

REGINA MOON

Regina is really quite a simple girl with very simple needs... getting fucked raw and tasting her man's hit jizz. With a body like hers, it doesn't take much to get the pants off of any man. Soon his cock is helplessly standing at attention looking for her affection. No matter what, you know that she's got ours.
